

MSC EXTENDED PROTECTION FAQs

1. WHY SHOULD I PURCHASE MSC EXTENDED PROTECTION?

Despite taking necessary precautions, ocean and inland transportation does not come without risks. Events such as rough weather, fire, theft, and many other occurrences can cause damage to your cargo. MSC's Extended Protection solution provides merchants with a supplemental level of protection for their cargo's value. The solution is available for a wide range of cargo categories carried by MSC for a large number of destinations worldwide, and it offers procedures specifically designed to simplify the process of handling damage and loss claims. For details concerning MSC Extended Protection, including important procedures, time requirements, cargo and geographical exclusions and restrictions, and inapplicable causes, please see [MSC Extended Protection General Terms and Conditions](#)

2. IS MSC EXTENDED PROTECTION INSURANCE?

No, MSC Extended Protection is not an insurance. However, it offers an extra layer of protection in case of loss or damage to your cargo while under MSC's care, because it is an extended liability product that widens the carriage terms of the standard MSC Bill of Lading.
