In case of low water of the German rivers, especially of the river Rhine, a low-water-surcharge will be applicable in case the water level drops below the ELWIS mark of 1.50 m

(<https://www.elwis.de/DE/dynamisch/gewaesserkunde/wasserstaende/index.php?target=2&fs=RHEINGEBIET>).

The actual amount of the low-water-surcharge can be advised upon request.

If this offer will find your acceptance, we would thank you in advance to get the transport-order.

Please don't hesitate to contact us in case of further questions.
