

MSC AIR CARGO – FUEL SURCHARGE MAY 2ND 2024

Dear Customer,

The MSC Jet Fuel Index closed at 104 yesterday, consequently the fuel surcharge communicated today May 2nd, 2024 is set as per flight date and equivalent currency on the basis of point of country sale:

- \$0.10 or €0.10 per chargeable kilogram, applicable until May 16th 2024
- \$0.00 or €0.00 per chargeable kilogram, applicable as of May 17th 2024 and until further notice.

The MSC Jet fuel Index is based on public information from the U.S Energy Information Administration (E.I.A).

The fuel surcharge is set by ranges of \$0.05/€0.05 every 5 base points up or down on the index applicable during the period. If the index goes below 100, the fuel surcharge will be nil.

Any adjustment to the fuel surcharge (increase or decrease) will be communicated 15 days prior to implementation.

Below is the fuel surcharge table depending on the evolution of the MSC Air Cargo Jet fuel index in USD and in EUR.
