

**MSC AIR CARGO  
FUEL SURCHARGE JANUARY 1<sup>ST</sup> 2025**

Dear Customer,

The MSC Jet Fuel Index closed at 99 Friday, December 13<sup>th</sup>, consequently the fuel surcharge communicated today December 16<sup>th</sup> 2024 is set as per flight date and equivalent currency on the basis of point of country sale:

- \$0.00 or €0.00 per chargeable kilogram, applicable from 1<sup>st</sup> January 2025 and until further notice.

The MSC Jet fuel Index is based on public information from the U.S Energy Information Administration (E.I.A).

The fuel surcharge is set by ranges of \$0.10/€0.10 every 5 base points up or down on the index applicable during the period. If the index goes below 100, the fuel surcharge will be nil.

Any adjustment to the fuel surcharge (increase or decrease) will be communicated 15 days prior to implementation.

Below is the fuel surcharge table depending on the evolution of the MSC Air Cargo Jet fuel index in USD and in EUR.
